

NOBODY'S BIRD

Crissi Cochrane

Tune low E string to D - Capo 7th fret

From the 2014 album *Little Sway*

This song is mostly comprised of two different picking patterns - one for the intro/interludes and verses, and one for the chorus, plus a third part that happens in the bridge.

For simplicity, I've kept the string names in the tabs true to the tuning of the guitar, but don't forget the capo!

Because I can't really communicate note lengths in this tab, please watch this live video to see and hear how the guitar part is played:
